

Latest Developments: Interest Rate Modelling & Interest Rate Exotic & FX Hybrid Products

London: 10th – 12th March 2008

This workshop provides THREE booking options

Register to ANY ONE day TWO days or all THREE days of the workshop

Register to ANY TWO days of the workshop and receive £200 discount

Register to ALL THREE workshop days and receive £300 discount

Topics:

Day 1: Interest Rate Modelling: Pricing, Hedging & Calibration Techniques

- **Managing Smile Risk**
- **The SABR model, vanna, volga and managing smile risk**
- **Levy based models**
- **Managing Exotic Interest Rate Products**
- **Calibration/pricing/hedging cycle**
- **Models for exotics**
- **Practical Pricing of Exotics**
- **Auto-calibration/global calibration**
- **Extension to other callable exotics**
- **Pricing Callable Range Notes**
- **Adjusters and risk migration**
- **Callable range notes**

Presenter:

Pat Hagan: Head Quantitative Analytics, Chief Investment Office, JP Morgan

Day 2: Interest Rate Modelling

- **Mathematical Theory of Interest Rate Term Structure Dynamics and Calibration**
- **Markov Functional models (including multi-currency, multi-factor and forward smile)**
- **1-factor Markov Functional Models: the Hunt-Kennedy-Pelsser calibration method**
- **Markov Functional models and forward smile**
- **CMS & CMS spread options**
- **Pricing & modelling of correlation copula models Markovian projection**
- **Swaptions arbitrage**

Presenters:

Dorje C. Brody: Royal Society University Research Fellow, Imperial College London

Lane P. Hughston: Professor of Financial Mathematics, King's College London

Simon Johnson: Co-head of Credit and Interest Rate Financial Engineering, Commerzbank

Luca Capriotti: Vice President, Global Modelling and Analytics Group, Credit Suisse Investment Banking Division

Sandrine Ungari: Quantitative Research, Société Générale

Day 3: Interest Rate Exotic & FX Hybrid Products

- **Cross Currency Models**
- **History of FX model for long dated structures**
- **Long Dated FX Hybrids**
- **PRDC and FX Tarn payoffs**
- **Exotic Interest Rate Pricing with Trees**
- **Gaussian Model and Extensions**
- **Wavelet Option Pricing**
- **General Pricing using the Green functions**

Presenters:

Messaoud Chibane: Senior Quantitative Analyst, Bank of America

Stefano Galluccio: Co-head of Exotic and Hybrid Derivatives Trading, BNP Paribas

Dherminder Kainth: QuARC, Royal Bank of Scotland

Michael Roehl: Senior Quant, Interest Rate Modelling/Hybrids, Morgan Stanley

Day 1: Interest Rate Modelling: Pricing, Hedging & Calibration Techniques by Pat Hagan, JP Morgan

09:00 – 10:30 / Stochastic Volatility in Interest Rate Models

- Swap market basics and delta trading
- Vanilla interest rate options and managing vega risk
- Theory of Dupire and local vol models
- The SABR model, vanna, volga and managing smile risk
- Levy based models

10:30 – 10:45 Break

10:45 – 12:30 / Managing Exotic Interest rate Products

- Key interest rate risks
- Calibration/pricing/hedging cycle
- Models for exotics

- HJM models
- BGM models
- Short rate models
- Markovian models

- Summary

12:30 – 13:30 Lunch

13:30 – 15:15 / Practical Pricing of Exotics

- Auto-calibration/global calibration
- LGM model
- Calibration strategy and choice of calibration instruments
- Example: calibration and pricing Bermudan swaption
- Price, risks, hedging and the calibration instruments
- Extension to other callable exotics

Callable Inverse Floaters, Superfloaters, Range Notes and Captions

15:15 – 15:30 Break

- **Adjusters and risk migration**
 - The need for risk migration
 - Adjusters
 - Adjusted price
- **Callable range notes**
 - Deal definition
 - LGM model (reprise)
 - Convexity adjustment and payoff replication
 - Pricing with adjusters
 - Swaption and caplet risks

Day 2: Interest Rate Modelling

09:00 – 11:00 / Mathematical Theory of Interest Rate Term
/ Structure Dynamics and Calibration:
/ Dorje C. Brody, Imperial College London
/ & Lane P Hughston, King's College London

- Overview of the pricing kernel methodologies
- Dynamics of discount bonds, HJM equations
- The volatility structure approach: pros and cons
- Conditional variance representation for the pricing kernel
- Parametrisation and calibration of interest rate dynamics
- The role of Wiener chaos expansion in term-structure calibration
- First and second chaos models
- Interest rate options

11:00 – 11:15 Break

11:15 – 12:45 / Least Squares Importance Sampling for Libor
/ Market Models:
/ Luca Capriotti, Credit Suisse

- Monte Carlo simulations. Basics
- Importance Sampling and Stratified Sampling
- Least Square Importance Sampling (LSIS) & Effective Stratification
- Simulating Libor Market Models
- Examples & Numerical Results

12:45 – 13:45 Lunch

13:45 – 15:15 / Markov Functional models (including multi-
/ currency, multi-factor and forward smile):
/ Simon Johnson, Commerzbank

- Introduction to Markov Functional Models
- 1-factor Markov Functional Models: the Hunt-Kennedy-Pelsser calibration method
- Markov Functional models and forward smile
- Cross-currency Markov Functional models and preserving the driftless condition
- Multi-factor Markov Functional models and generalising the driving process

15:15 – 15:30 Break

15:30 – 17:00 / CMS & CMS spread options:
/ Sandrine Ungari, Société Générale

- Relative value
- Pricing & modelling of correlation copula models Markovian projection
- Swaptions arbitrage
- Wedges

Day 3: Interest Rate Exotic & FX Hybrid Products

09:00 – 10:30 / Cross Currency Models: / Messaoud Chibane, Bank of America

Examples of typical products

- Two economy Libor Market Model
- Two economy Hull and White with FX skew

History of FX model for long dated structures

- Cross-Currency Libor Market Models
- Modelling the long-dated FX smile

10:30 – 11:00 Break

11:00 – 12:30 / Long Dated FX Hybrids: / Dherminder Kainth, Royal Bank of Scotland

- PRDC and FX Tarn payoffs
- The Heston model for stochastic volatility & efficient simulation of the Heston sde.
- FX barriers, stochastic skew and multifactor Heston. Calibrating the stochastic skew.
- Longdated FX models; Extending multifactor Heston model for pricing long dated FX options
- Some results

12:30 – 13:30 Lunch

13:30 – 15:00 / Exotic Interest Rate Pricing with Trees: / Michael Roehl, Morgan Stanley

Gaussian Model and Extensions

- Parameters and Interpretation
- Skew Modelling
- Instantaneous vs. Terminal correlation
- Approximate Solutions for Calibration

Pricing Exotics

- Local vs Global Calibration
- Examples: Bermudans, Inverse Floaters and Range Accruals
- Path Dependency in Trees
- How to do it: Binning
- Smoothing and Examples

15:00 – 15:15 Break

15:15 – 16:45 / Wavelet Option Pricing: / Stefano Galluccio, BNP Paribas

General Pricing using the Green functions

- **The Green function as pricing operator**
- **Projection of the Green operator on a wavelet basis**

Implementation:

- **Black and Scholes case**
- **Heston case**

Application to the pricing of bermudan options

London: 10th – 12th March 2008

Workshop Fees:

- Any One day: £999 + UK VAT
- Any Two days: £1798 + UK VAT
(Including £200 Discount)
- All Three days: £2697 + UK VAT
(Including £300 Discount)
- 30% discount Academic delegates

Fax: +44 (0) 1273 201360

Flight details:

All delegates flying into London on the morning of the event are reminded that they should arrive 30 minutes before the workshop starts for registration. The hotels West End location is approximately 1 hour from all 3 main London airports, Heathrow, Gatwick and City. Returning flights should equally allow for the events finishing time.

Complimentary inbound transfer service:

WBS Training now extend our premium service to all our clients. This includes a complimentary inbound transfer from London airports to central London hotels for all workshops. If you require this service simply inform us up to 2 working days prior to your arrival (flight number, arrival time, airport and hotel destination) and we will arrange a complimentary pick up. You will be given a phone number to call on arrival and will be greeted at the airport by our partner taxi company.

Sponsorship:

World Business strategies Ltd, offer sponsorship opportunities for all events, E-mail headers and the web site.
Contact Sponsorship: +44 (0) 1273 201352

Disclaimer:

World business strategies command the rights to cancel or alter any part of this programme.

Cancellation:

By completing of this form the client hereby enters into a agreement stating that if a cancellation is made by fax or writing within two weeks of the event date no refund shall be given. However in certain circumstances a credit note maybe issued for future events.

Prior to the two week deadline, cancellations are subject to a fee of 25% of the overall course cost.
